

# ExtraordinaryPM

Developing your Project Managers  
into **Extraordinary** Leaders

Working **hand-in-glove** with traditional technical project management tools, methodologies and qualifications, the **ExtraordinaryPM** Mastery Programme focuses on the **leadership and people skills** necessary to **successfully deliver** your projects **on time, in budget** and with the team **all still talking** to each other!

**ExtraordinaryPM** Mastery is a 35-hour, CPD accredited programme that runs as a series of group training and mentoring sessions over 5-months

We give your team the skills to better manage, lead and deliver projects on time, on budget and successfully navigate any challenges along the way

Using tangible, real-world examples, we coach and mentor able project managers to become extraordinary leaders

We provide the tools, techniques and skills, share experiences, and explore what's possible for them to achieve

Its blend of learning and mentoring has participants putting their new skills in to practice straight away as the course unfolds

**ExtraordinaryPM** is a journey for personal growth, development and empowerment

## Putting people and leadership at the heart of project delivery

**ExtraordinaryPM** is for:

- Project people looking to develop or enhance their skills
- Non-project managers whose day-to-day work involves delivering projects
- Technical experts looking to move into project management
- Business people in any area looking to improve their leadership skills

Developed and delivered by Marion Thomas (CPCC ChPP FAPM)  
**ExtraordinaryPM**, is a CPD accredited programme

With over 30 years of project management experience, Marion expertly combines her practical and extensive experience with her coaching and leadership credentials to deliver something really rather extraordinary
