

ExtraordinaryPM Mini Mastery

Get re-energised, inspired and excited about managing your projects this summer

Introducing the Mini-Mastery Summer School

If you know you're 'stuck' with how to motivate your current project team or are looking to add to your skill set to get better results from the projects you run, this is for you!

Without committing to the full five-month Mastery Programme get yourself the highlights this Summer! Enrol onto Mini-Mastery now!

Learn how to.....

Define the **TARGET** for your project and its "Big Why" so you can focus and engage your team and your stakeholders more effectively.

Navigate the **TERRAIN** of your project journey like a marathon runner would so that you can define your roadmap, plan ahead, and expect the unexpected.

Build your **TRIBE** to enhance your project team and maximise the commitment and resources available to you.

Master your **TIME** so you and your team get more done - learn our clever productivity tools and tips.

THRIVE through managing your personal and professional well-being and grow your leadership skills.

All classes contain quick to action tips and tools. This is about you being ready to implement what you learn straight away.

Who is Mini-Mastery Summer School for?

If you're a project manager who knows there's more to getting results than being 'qualified' and that it's the people managing that makes the difference this is for you.

If you've been thinking about the full **Mastery Programme** (or not) and can't commit, or want a 'bite size' version, that's exactly what Summer School offers.

Every class is actionable straight away so no delay in getting results from what you learn to feel more confident and in control of your projects and team.

Why a Summer School?

In the 30+ years I've been leading projects over summer periods I know things inevitably slow down. People are away, decisions and approvals take longer, and the project momentum dips. So, while you're not running as fast as usual, use the time to upskill over the Summer. We will help you re-energise ready to kick-start the pace in September!

What is Mini-Mastery Summer School and How does it work

5 x 1-hour **Mini-Mastery** seminars from the full **ExtraordinaryPM Mastery** curriculum led by Marion Thomas LIVE on Zoom

Classes run weekly LIVE on Zoom from 9.30 – 10.30am, on Saturdays from 6th August – 3rd September.

The Zoom sessions open from 9:00 to allow for questions and networking, with the class starting at 9.30am

You get:

- Tools, tips, and insights from our **Mastery Programme** that you can put into practice straight away
- Homework and additional resources to boost your learning between LIVE classes
- Recordings and materials from the classes
- The opportunity to network with like-minded project professionals taking the classes
- 3-months free access to our **ExtraordinaryPM** App providing additional resources

Who are ExtraordinaryPM?

I'm Marion Thomas, and I'll be teaching **Mini-Mastery Summer School**. I've spent 30 years working as a freelance project/programme manager across a wide range of industries proving just how transferrable PM skills are. I'm usually called in when a business knows what it wants to achieve but doesn't know how, or when things have gone a 'bit off the rails' and help is needed.

I have been referred to as the "Mary Poppins of Project Management" and am known for my ability to get 20% more from a team through prioritising leadership and people skills.

I share my insights and experience through the **ExtraordinaryPM** courses so that fellow project managers can feel more fulfilled and be successful.

I am a Chartered Project Professional, a Fellow of the Association for Project Management, regularly speak for both APM and PMI, and am a certified coach.

How much does it cost?

Mini-Mastery costs £200 +VAT (£240)

Frequently Asked Questions

When do the classes run?

The classes run on Saturday mornings from 9.30 – 10.30am on the 6th, 13th, 20th, 27th August and 3rd September. Zoom calls open from 9:00am for questions and networking.

What topics do you cover?

Each class is a mini class from our full **Mastery Programme**. We share the best tools you can put into practice straight away from our 5 Ts framework focusing on one of the Ts each week: Target, Terrain, Tribe, Time and Thrive.

Is there homework to be done between classes?

We will offer you some simple exercises and additional resources that are optional.

What if I miss a class?

All the classes are recorded and available for you to access via the ExtraordinaryPM app within 24 hours. But we do encourage you to attend live so you can ask questions and get any clarifications you need

How do I get to ask questions if I miss a LIVE class?

The class itself is an hour, however we open the Zoom call 30 mins in advance (at 9.00am) to take questions. If you're not able to make any of these early parts of the calls you may find someone asks a similar question. You can also email your questions in advance for me to answer in the LIVE class too.

How does Mini-Mastery summer school differ from the Mastery Programme?

Mastery is 35 hours of training and mentoring and contains a lot more tools, tips and insights plus group mentoring. It runs over a period of 5 months and starts and finishes with full 1-day workshops. Bottom line is there is a lot more material plus mentoring and support to put your learning into practice. The **Mini-Mastery** is all taken from the full curriculum so you are getting the same content, just not all of it!

How do I find out more about the Mastery Programme?

Visit our [website](#)

How much does Mini Mastery Summer school cost?

Mini-Mastery costs £200 +VAT (£240) for the 5 sessions and access to the **ExtraordinaryPM** App.
