

ExtraordinaryPM[®] ChPP Mentoring

Excellence through chartership

We are specialists
in helping you to
achieve
Chartership
standard.

We offer a unique
hands-on
approach following a
clearly defined and
proven pathway,
supporting you
throughout the
entire process.

How to formalise your Project Management expertise and apply for your APM ChPP Chartered Project Professional Standard

"The ChPP standard is a professional benchmark that demonstrates the attainment of a defined level of technical knowledge, professional practice, and ethical behaviour" (APM definition)

If you want to progress to this level, we can help !

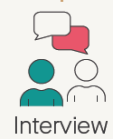

- We offer tailored mentoring, guidance and advice,
- Helping you to evidence your experience and complete all submission documentation
- And prepare for your interview assessment

APM

Chartered Project
Professional

Interview

Why do this Programme?

Achieving the ChPP standard proves a high level of both skills and experience.

It is a showcase of your career to date, highlighting all the learnings, competencies, projects and successes you have achieved along the way.

We work with candidates on either ChPP Route 1 or Route 3. Our materials and templates will help you draft your submission in the structure and format required and support you in revising your technical knowledge.

Our unique style of mentoring, submission reviews, guidance and advice delivers so much more than the typical “*buddying up*” approach.

How does it work?

We share with you a structured approach and process that will give you all the tools and templates you need to write up your project experience, evidencing your competences to the quality required for the ChPP standard and practice sessions for the interview.

- We use a mix of seminars, Q&As, and individual and group mentoring sessions to support you through the entire process.
- Sessions are run remotely via weekly online video calls and are coordinated to coincide with the run up to the APM scheduled submission deadlines
- All calls are recorded for future reference
- We also give you access to our ExtraordinaryPM Hub for the duration of the course, which enables you to connect directly with others on the mentoring programme.

Expert Insights

Having now successfully **mentored over 500 people to Chartership**, we have seen just how much the process of revisiting technical skills supercharges a PM’s skills and abilities, coming out of the process **re-energised, stronger, more confident and competent** than before.

Participant Testimonials

"The encouragement that I have had from team at ExtraordinaryPM together with the ChPP mentoring group itself has been Extraordinary! I couldn't have got this far without their invaluable support." MA

"They explain & break down the work into manageable chunks and helps you to understand how this will be reviewed through the eyes of an assessor, and the importance of following the prescribed criteria as you write your application." TB

"ExtraordinaryPM's in-depth knowledge, clear comments following draft submission reviews, tips and commitment is second to none" TB

"ExtraordinaryPM's ChPP Mentoring Programme doesn't just bring the project management and APM knowledge, they are also able to get the best from individuals and the cohort, which is so important to the overall experience" AW

"You really helped me through the chartership journey. I am grateful for your patience, knowledge and mentoring which really made me feel at ease, build my confidence, and made clear the whole chartership process in such a clear structured way." DK

Programme FAQs

What is it?

Mentoring to help you evidence your experience, complete all ChPP submission documentation and prepare for your final interview.

Who is it for?

Experienced project managers wishing to apply for the ChPP via Route 1 or 3.

What's involved?

Weekly online mentoring seminars and Q&As; personal feedback on your written submission. Interview preparation seminars and mock interview sessions.

How long does it take?

We find candidates take about 40 hours drafting and editing their written submission and a similar time preparing for the interview.

How much does it cost?

We charge £970 +VAT per person. Discounts are available for self-funded applicants. We also offer group programmes to organisations with a number of candidates. The APM ChPP fees are in addition
